

Welcome to the Serial MP4GAIN V10.5 website - a site dedicated to making a free app that allows you to download your favorite episodes from the popular podcast, Serial. This page is going to teach you how to use the app and all of its features, but for now let's focus on downloading your favorite episodes! Downloading Your Favorite Episodes: 1) On this screen make sure your PC/Mac is running on Windows or Mac OS X and click "Download This Episode". You will be taken straight to iTunes where you can save the episode as an mp4 file. 2) At the bottom under "Choose Your Podcast, select "Serial" and then click the "Get Serial Episodes" button. 3) You will now be brought to a screen that shows you all of the episodes that we have listed in the Serial podcast. Click on an episode and it will give you a download link to your MP4 file. 4) Wait for Save to finish, and open up your empty iTunes Library. You can choose any album or create a new one or import from another source. 5) Click on the > arrow next to your saved episodes, on top of them on their own page, click "edit" next to their title. 6) In this window you will see a "tag" field. In here type the show name, episode name, or even the guidewords if you know them. 7) You can also click on the "iTunes Smart Tag" button to edit the tags in your library. This button will also allow you to copy tags for future use. 8) Once you are done with your podcast, click "Done" and close out of iTunes without saving your changes or making any modifications to your media library (ie: adding the shows). Voila! Your download starts right away! Using Your App: 1) Get ready to download. Select your episode, and click "Download This Episode". 2) We recommend you use our app to make sure the podcast episodes are saved in perfect quality MP4 format! There are many benefits to using our app over a traditional mp3 download. a)The MP4 files can be played on ANY MP3 or smart device that supports MP4 files or a PC/Mac with software that reads these types of files. b) These type of MP4's can also be easily added into iTunes, Windows Media Player, or any other media center software. 3) Other benefits of using our app: a) It is fast and reliable. b) You can easily share the files with friends and associates. c) It is extremely quick and easy to download your favorite podcast episodes. d) It is completely free to use! We do not charge you a dime. e) There are no ads! Here is why: In order to create an ad free, quality product for you guys, I need funds from affiliates that will help support my time spent creating this product.
